

OPHIR

LOUNGE BAR & GLOBAL KITCHEN

Ophir once meant a far-off land of spice, silk and abundance.

For centuries, kings and merchants chased its legendary gold across oceans, each one certain it lay just beyond the next horizon. Arabia, India, East Africa, the Far East: every great trading world wanted to claim it.

We stopped looking for the answer and started cooking from all of them.

Ophir has another side.

The sun goes down, the bar wakes up.

**A drinks menu that travels as far as
the food, cocktails that mean it, and a
room that shifts into somewhere you
won't want to leave.**

No corners cut.
